## PRESS RELEASE

---

Ergo Home Energy Ltd is proud to announce its expansion to the Kuwaiti market.

The Company has signed an agency agreement with Dar-Al-Memar General Trading & Cont. Co. in September 2014. The purpose of this agreement is the provision of renewable energy technologies, services and products in the Kuwaiti market under the trade name and the expertise of Ergo Energy, via our Kuwaiti agent and valuable partner in the market, Dar-Al-Memar General Trading & Cont. Co.

Following the successful registration of the Ergo Energy agency agreement with the Ministry of Commerce in the State of Kuwait, Ergo Energy is planning its first symposium in the city of Kuwait for the presentation of its products and services. During this event, the Company will launch its partnership with Dar-Al-Memar General Trading & Cont. Co in the Kuwaiti market and present its products, competencies as well as industry specific expertise in the Energy Procurement Contracting (EPC) and Renewable energy services sector.

Ergo Energy, being an authorized distributor in the market of Kuwait for Hyundai PV panels and Fronius inverters, will be offering in close cooperation with its local partner:

- Energy procurement contracting of all scales of energy generation from photovoltaic installations.
- Trading and supply of photovoltaic equipment.
- Photovoltaic installation maintenance services.
- Energy saving and energy audit advisory and consulting.
- Photovoltaic project financial evaluation and studies.

Ergo Energy trusts that the Kuwaiti community already appreciates the importance of the solar energy industry and the usefulness of the photovoltaic technologies currently available, which not only create value but also contribute to green energy and reduction of the global warming effects.
